Project Experience

STLAP - Sundaram Finance

Sedin Technologies

Description:

- A small ticket loan against property (LAP) is a type of secured loan where borrowers pledge their property (typically residential or commercial real estate) as collateral to obtain funds for various purposes. "Small ticket" refers to loans of relatively lower amounts compared to larger-scale property loans.

- Small ticket LAPs typically involve loan amounts that are smaller in scale compared to traditional property loans. These amounts can vary depending on factors such as the value of the propery
